DHS & Tribal Subsidy

We accept a limited number of subsidy students including DHS, Cherokee, Osage, Modoc, Miami, & Muscogee Creek nations. However most of our rooms currently have a waiting list.

Granny and Dot's is more than childcare, it is a school. Like any private school, annual tuition is determined by your child's age and developmental level at the time of annual enrollment. Tuition rates do not change on your child's birthday. Education at this age is much different than grade school and your child may transition to different rooms mid year. While your child may transition to a new classroom during the school year, this transition does not result in a tuition adjustment. Rates remain consistent with your child's assigned grade level for the full academic year to provide stability and predictable billing for families. Tuition is calculated on an annual basis and remains the same regardless of holidays, scheduled school breaks, or weather related closures.
